Would You Like to Start Receiving the "Bid and Contract Opportunities" Newsletter by Fax?

The Purchasing Department will soon to be able to fax the weekly "Bid and Contract Opportunities" newsletter to some or all our subscribers. Currently, we mail the newsletter on Thursdays or Fridays, and subscribers receive it 1-3 business days later. If we fax the newsletter, it will be received immediately and might be transmitted earlier in the week.

At this point, we want to find out if you would prefer that we fax the newsletter to you (as soon as we are able to) instead of continuing to mail it. We plan to fax the newsletter only during non-working hours.

If you prefer to continue receiving it by mail, do nothing. If you prefer to receive it by fax, please fill out the information below, fold this sheet as indicated, staple it closed, stamp it and mail it back. The address is on the other side. We will update our database to include your fax number.

We are considering conducting an initial test of interested subscribers within San Francisco. When the test begins, the first notice subscribers may receive will be the newsletter arriving on their fax machines. The test could begin in the next few months.

Thank you.

Generally, four digit bids are under $50,000 and three and five digit bids are over $50,000. Completed bids should be returned in the envelope provided no later than the date and time indicated on the bid form. Bids are opened publicly and vendors may be present at the opening.

Would You Like to Receive the Newsletter by Fax Instead of by Mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you only the parts of the newsletter you need, rather than the whole thing. We have found that the fax software on our Local Area Network is not compatible with a small fraction of our subscribers fax machines. If we experience problems, we will call you to determine if another fax machine is available, and if that fails, we will fax you the entire newsletter using our fax machine rather than the computer software.

INSTRUCTIONS FOR BIDDERS AND CONTRACTORS

The City and County of San Francisco Purchasing Department uses a competitive bidding process to purchase the MATERIALS, SUPPLIES, EQUIPMENT and SERVICES listed on the front page of our publication. To bid on an item listed, vendors must come to the Purchasing Department, Room 270, City Hall, in San Francisco to pick up bid documents. Documents should be requested by bid number. Bids cannot be mailed by phone request.

A more detailed description or specification of the commodity or service which we are purchasing is shown on the bid document itself. In addition, terms of delivery, general conditions which apply to the purchase and other legal requirements which the vendor must comply with are a part of the documents. Vendors are encouraged to inspect the document before submitting a bid.

Bids are assigned a three, four or five digit number depending on the estimated dollar value of the purchase. Generally, four digit bids are under $50,000 and three and five digit bids are over $50,000. Completed bids should be returned in the envelope provided no later than the date and time indicated on the bid form. Bids are opened publicly and vendors may be present at the opening.

CONSTRUCTION, CONSULTANTS and CONCESSION/LEASE contracts are administered and awarded by the department that is offering the contract. Contact the department listed to obtain bid document and/or information on bidding procedures.

Would You Like to Receive the Newsletter by Fax Instead of by Mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you only the parts of the newsletter you need, rather than the whole thing. We have found that the fax software on our Local Area Network is not compatible with a small fraction of our subscribers' fax machines. If we experience problems, we will call you to determine if another fax machine is available, and if that fails, we will fax you the entire newsletter using our fax machine rather than the computer software.

INSTRUCTIONS FOR BIDDERS AND CONTRACTORS

The City and County of San Francisco Purchasing Department uses a competitive bidding process to purchase the MATERIALS, SUPPLIES, EQUIPMENT and SERVICES listed on the front page of our publication. To bid on an item listed, vendors must come to the Purchasing Department, Room 270, City Hall, in San Francisco to pick up bid documents. Documents should be requested by bid number. Bids cannot be mailed by phone request.

A more detailed description or specification of the commodity or service which we are purchasing is shown on the bid document itself. In addition, terms of delivery, general conditions which apply to the purchase and other legal requirements which the vendor must comply with are a part of the documents. Vendors are encouraged to inspect the document before submitting a bid.

Bids are assigned a three, four or five digit number depending on the estimated dollar value of the purchase. Generally, four digit bids are under $50,000 and three and five digit bids are over $50,000. Completed bids should be returned in the envelope provided no later than the date and time indicated on the bid form. Bids are opened publicly and vendors may be present at the opening.

Would You Like to Receive the Newsletter by Fax Instead of by Mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you only the parts of the newsletter you need, rather than the whole thing. We have found that the fax software on our Local Area Network is not compatible with a small fraction of our subscribers' fax machines. If we experience problems, we will call you to determine if another fax machine is available, and if that fails, we will fax you the entire newsletter using our fax machine rather than the computer software.

INSTRUCTIONS FOR BIDDERS AND CONTRACTORS

The City and County of San Francisco Purchasing Department uses a competitive bidding process to purchase the MATERIALS, SUPPLIES, EQUIPMENT and SERVICES listed on the front page of our publication. To bid on an item listed, vendors must come to the Purchasing Department, Room 270, City Hall, in San Francisco to pick up bid documents. Documents should be requested by bid number. Bids cannot be mailed by phone request.

A more detailed description or specification of the commodity or service which we are purchasing is shown on the bid document itself. In addition, terms of delivery, general conditions which apply to the purchase and other legal requirements which the vendor must comply with are a part of the documents. Vendors are encouraged to inspect the document before submitting a bid.

Bids are assigned a three, four or five digit number depending on the estimated dollar value of the purchase. Generally, four digit bids are under $50,000 and three and five digit bids are over $50,000. Completed bids should be returned in the envelope provided no later than the date and time indicated on the bid form. Bids are opened publicly and vendors may be present at the opening.

CONSTRUCTION, CONSULTANTS and CONCESSION/LEASE contracts are administered and awarded by the department that is offering the contract. Contact the department listed to obtain bid document and/or information on bidding procedures.

Would You Like to Receive the Newsletter by Fax Instead of by Mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you only the parts of the newsletter you need, rather than the whole thing. We have found that the fax software on our Local Area Network is not compatible with a small fraction of our subscribers' fax machines. If we experience problems, we will call you to determine if another fax machine is available, and if that fails, we will fax you the entire newsletter using our fax machine rather than the computer software.

INSTRUCTIONS FOR BIDDERS AND CONTRACTORS

The City and County of San Francisco Purchasing Department uses a competitive bidding process to purchase the MATERIALS, SUPPLIES, EQUIPMENT and SERVICES listed on the front page of our publication. To bid on an item listed, vendors must come to the Purchasing Department, Room 270, City Hall, in San Francisco to pick up bid documents. Documents should be requested by bid number. Bids cannot be mailed by phone request.

A more detailed description or specification of the commodity or service which we are purchasing is shown on the bid document itself. In addition, terms of delivery, general conditions which apply to the purchase and other legal requirements which the vendor must comply with are a part of the documents. Vendors are encouraged to inspect the document before submitting a bid.

Bids are assigned a three, four or five digit number depending on the estimated dollar value of the purchase. Generally, four digit bids are under $50,000 and three and five digit bids are over $50,000. Completed bids should be returned in the envelope provided no later than the date and time indicated on the bid form. Bids are opened publicly and vendors may be present at the opening.

CONSTRUCTION, CONSULTANTS and CONCESSION/LEASE contracts are administered and awarded by the department that is offering the contract. Contact the department listed to obtain bid document and/or information on bidding procedures.

Would You Like to Receive the Newsletter by Fax Instead of by Mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you only the parts of the newsletter you need, rather than the whole thing. We have found that the fax software on our Local Area Network is not compatible with a small fraction of our subscribers' fax machines. If we experience problems, we will call you to determine if another fax machine is available, and if that fails, we will fax you the entire newsletter using our fax machine rather than the computer software.

INSTRUCTIONS FOR BIDDERS AND CONTRACTORS

The City and County of San Francisco Purchasing Department uses a competitive bidding process to purchase the MATERIALS, SUPPLIES, EQUIPMENT and SERVICES listed on the front page of our publication. To bid on an item listed, vendors must come to the Purchasing Department, Room 270, City Hall, in San Francisco to pick up bid documents. Documents should be requested by bid number. Bids cannot be mailed by phone request.

A more detailed description or specification of the commodity or service which we are purchasing is shown on the bid document itself. In addition, terms of delivery, general conditions which apply to the purchase and other legal requirements which the vendor must comply with are a part of the documents. Vendors are encouraged to inspect the document before submitting a bid.

Bids are assigned a three, four or five digit number depending on the estimated dollar value of the purchase. Generally, four digit bids are under $50,000 and three and five digit bids are over $50,000. Completed bids should be returned in the envelope provided no later than the date and time indicated on the bid form. Bids are opened publicly and vendors may be present at the opening.

CONSTRUCTION, CONSULTANTS and CONCESSION/LEASE contracts are administered and awarded by the department that is offering the contract. Contact the department listed to obtain bid document and/or information on bidding procedures.
